ABOUT ME

Enthusiastic and results-driven recent 'Masters in Computer Application' specializing in full-stack development. Possesses practical experience in React.js, Node.js, JavaScript, and HTML/CSS, along with modern styling using Tailwind CSS. Successfully developed and deployed a personal portfolio website, showcasing a keen eye for design and a commitment to clean, efficient code. Seeking an entry-level developer role to apply my skills and grow within a fast-paced environment

EXPERIENCE

- Developed and deployed a fully responsive, multi-page personal portfolio website from scratch to showcase technical abilities and project work.
- Engineered a dynamic, component-based user interface using React.js, ensuring clean, reusable, and maintainable code.
- Implemented a modern, mobile-first design system using Tailwind CSS, resulting in a pixel-perfect and consistent UI across all devices.
- Managed the complete development lifecycle, from initial concept and design to final deployment, using Git and GitHub for version control.
